Spago by Wolfgang Puck

Wolfgang Puck's legendary flagship restaurant Spago, recognized for igniting Las Vegas' dining scene into a culinary epicenter, is now open. Puck's revolutionary restaurant debuts with an entirely new look and menu and the exceptional level of service for which the restaurant is best known. The restaurant is beautifully situated for al fresco dining in front of the Fountains of Bellagio. Spago's reimagined menu features Puck's signature California fare paired with modern techniques and inspiration from his chef's weekly trips to the Santa Monica Farmers Market. At lunch and dinner, the market-driven menus feature handmade pastas, wood-oven pizzas, fresh seafood, all-natural meats and prime steaks alongside handcrafted cocktails and a robust wine list. To complete the meal, dessert complements the menu with an array of seasonal delights.

With design and collaboration by Gelila Puck and Italian architects Massimiliano Locatelli and Annamaria Scevola of CLS Architetti, and inspired by Spago's original flagship location in Beverly Hills, the new venue has a sleek look and warm feel. In the main dining room, beautiful floor-to-ceiling floating glass windows surround the space, imparting picturesque views of Bellagio's famed lake. Two exquisite chandeliers highlight the room's modern art pieces, while bold accents featuring rich hues of black iron, velvet walnut and polished gray express a contemporary aesthetic. The next era of Vegas dining begins here.
